DESCRIPTION OF DUTIES/ ESSENTIAL FUNCTIONS

Under direct supervision, performs skilled technical work in the installation, maintenance and repair of Control Access Systems, Public Address Systems, Fire Alarm Systems, Security Systems, CCTV Systems, Parking Access Equipment, Data Networks, computer peripherals and other electromechanical or telecommunication systems. Operates test equipment to troubleshoot, locate, diagnose, and repair malfunctions in the field. Complete work orders and maintains equipment records. Assists with the development and maintenance of equipment operating standards and procedures for airport equipment systems.

WORKING CONDITIONS

Performing these duties will involve: lifting, pulling or pushing objects; extending physical energy for long periods; visually observing and differentiating details and colors; recognizing sound, tone and pitch; attending to details amid distractions; speaking and writing effectively; applying specialized information; working in hot, cold, and noisy places; dealing with people in tense situations; driving City vehicles; climbing ladders and stairs; and walking and standing for extended periods. Ability to lift up to eighty (80) pounds. Must be willing and available to work all shifts, including rotation, weekends and holidays. Must be able to obtain and maintain security clearances.

MINIMUM EDUCATIONAL REQUIREMENTS

Requires an Associate's degree in electronic, electrical or computer technology, or a related technical degree.

MINIMUM EXPERIENCE REQUIREMENTS

Two (2) years of experience in the installation and maintenance of large electromechanical or telecommunication systems are required. A Bachelor's degree in Engineering, Computer Technology or a related technical field may be substituted for the above education and experience requirement. Directly related experience in the maintenance and installation of large electromechanical or telecommunication systems may be substituted for the education requirement on a year-to-year basis.

MINIMUM LICENSE REQUIREMENTS

Valid Class C Texas driver's license and compliance with city's policy on driving (AP 2-2).

PREFERENCES

Experience with control access systems and security systems. Ability to communicate and work effectively with Houston Airport System personnel, tenants and the public.

SELECTION/SKILLS TEST REQUIRED

Application review and/or interview
